NOTICE TO QUALIFIED PROFESSIONAL:

The above-named person is requesting accommodations on the Florida Bar Examination. To the extent available, all such requests must be supported by a comprehensive evaluation report from the qualified professional who conducted an individualized assessment of the applicant and is recommending accommodations on the bar examination on the basis of a physical disability. The Florida Board of Bar Examiners also requires the qualified professional to complete this form. **If any of the information requested in this form is fully addressed in the comprehensive evaluation report, you may respond by citing the specific page and paragraph where the answer can be found.** Please attach a copy of the evaluation report and all records and test results on which you relied in making the diagnosis and recommending accommodations for the Florida Bar Examination. We appreciate your assistance.

The provision of reasonable accommodations is based on assessment of the *current* impact of the disability on the specific testing activity. The Florida Board of Bar Examiners generally requires documentation from an evaluation conducted within the past year because of the changing manifestations of many physical disabilities. Older evaluation reports may suffice if supplemented by an update of the diagnosis, current level of functioning, and a rationale for each recommended accommodation or an explanation of why the report continues to be relevant in its entirety.

The Florida Board of Bar Examiners may forward this information to one or more qualified professionals for an independent review of the applicant's request. Print or type your responses to the items below. **Return this completed form, the comprehensive evaluation report, and relevant records to the applicant for submission to the Florida Board of Bar Examiners.**

III. ACCOMMODATIONS RECOMMENDED FOR THE [JURISDICTION] BAR EXAMINATION (CHECK ALL THAT APPLY)

The Florida Bar Examination is a timed written examination administered in three-hour sessions from 9:30 a.m. to 12:30 p.m. and from 2:00 p.m. to 5:00 p.m. on Tuesday and Wednesday as scheduled twice each year. There is a lunch break from 12:30 p.m. to 1:30 p.m. each day.

The first day consists of three essay questions in the morning session and 100 multiple-choice questions in the afternoon session. The essay questions are designed to assess, among other things, the applicant's ability to communicate his/her analysis effectively in writing. Applicants may use their personal laptop computers to type their answers, or they may handwrite their answers.

The second day consists of 200 multiple-choice questions (MBE), with 100 questions administered in the morning session and 100 questions in the afternoon session. Applicants record their answers by darkening circles on an answer sheet that is scanned by a computer to grade the examination.

Applicants are assigned seats, two per eight-foot table, in a room set for 1500-3500 applicants. They are not allowed to bring food, beverages, or other items into the testing room unless approved as accommodations. The examination is administered in a quiet environment, and applicants are allowed to use small foam earplugs. Restrooms and water fountains are located in the examination room for use by applicants; however, they must do so, within the time allotted for the test session.

Taking into consideration this description of the examination and the functional limitations currently experienced by the applicant, what test accommodation (or accommodations, if more than one would be appropriate) do you recommend?
